- 8.2. By letter of April 27, 2012, the Centre requested that each party pay US\$75,000 to defray the initial costs of the proceeding. The Centre received both parties' payments on May 29, 2012.
- 8.3. The Centre shall request further advances as needed. Such requests shall be accompanied by an interim statement of account providing details of the direct costs of the proceeding, including the total fees and expenses of all arbitrators. Translations need not be certified, unless required by the Tribunal. The translations shall be submitted at the time of the filing of the corresponding submission. The translations shall clearly indicate what text is hand-written and what is typed on the original document.
- If a party wishes to challenge the translation of a document, it shall submit a new translation that clearly identifies the differences. The Tribunal shall decide on such challenges, including on which version shall prevail.

10.2. A witness may testify in a language other than the procedural language with simultaneous interpretation into the procedural language.

10.3. Simultaneous interpretation shall be arranged by the ICSID Secretariat and charged to the case account, without prejudice to the Tribunal's final allocation of costs. The parties shall inform the ICSID Secretariat of interpretation requirements at least four weeks in advance of the hearing. The parties shall provide advance notice of at least three weeks prior to the date of any testimony in language(s) other than English, so that simultaneous interpretation in English can be arranged.

- 14.3. Each pre-hearing written submission shall be filed with accompanying exhibits, witness statements, and expert reports referenced in such submission. Any additional submissions of exhibits, witness statement and expert reports shall require leave from the Tribunal.
15. Document Production  
*Convention Article 43(a); Arbitration Rule 34*
- 15.1. Articles 3 and 9 of the International Bar Association Rules on the Taking of Evidence in International Arbitration (2010) may guide the Tribunal and the parties regarding document production in this case.

As provided in Item 13 above, the parties shall include with their respective rounds of written submissions all the facts, legal arguments, and documentary evidence on which they rely, including witness statements, expert opinions

and other documentary evidence. In each party's second written submissions (respectively, Reply and Rejoinder), the party shall include only additional facts, legal arguments, written witness statements, expert opinion and documentary evidence responding to or rebutting the matters raised by the other party's prior written submissions, except if new facts have arisen.

16. Evidence: Witnesses and Experts, Written Statements and Reports, Supporting Documentation

*Convention Article 43(a); Arbitration Rules 24 and 33-36*

- 16.1. The parties shall include all of the evidence on which they intend to rely, including written witness statements, expert opinions or reports, and other evidence in whatever form, with their written submissions.
- 16.2. Duly certified copies of documents are not required unless the authenticity of the copy is contested and the Tribunal deems the certification necessary.
- 16.3. Each party shall number the accompanying documentation consecutively throughout the entire proceeding (C-001 or R-001 for documentary evidence and CLA-001 or RLA-001 for legal sources).

The parties shall submit all exhibits in binders or bound volumes with a separate tab for each exhibit. A list of exhibits, identifying each exhibit by a number, date, type of document, author and primary recipient(s) (as applicable), shall be placed in each binder or bound volume

The parties shall submit each exhibit or legal authority with the first written submission that expressly refers to it. Subsequent written submission(s) that refer to a previously numbered exhibit or legal authority do not need to resubmit such exhibit or legal authority. All exhibits and legal authorities shall be consecutively numbered such that new exhibits or legal authorities submitted with later filings shall start with the next number following the number of the last exhibit previously filed.

In exceptional cases, the Tribunal may permit a party to submit further exhibits after all pre-hearing written submissions have been exchanged, but only upon good cause shown, such as that the exhibit has become relevant as a result of the last written submission by the other party.

All exhibits shall be submitted in the original language. If the original language is other than English, a translation into English shall be provided, in accordance with Item 7 of this Order. In the case of lengthy and/or technical documents, the party submitting the exhibit may translate only the relevant part(s), but with sufficient context so that the overall meaning of the text is not distorted.

For the Tribunal's ease of reference, the parties shall paginate any translation

in the same manner as the original document.

All documents - originals and copies - submitted to the Tribunal shall be deemed to be authentic and complete, unless disputed by the other party.

Documents and exhibits other than demonstrative exhibits may not be introduced for the first time at the hearing, absent special circumstances and by leave of the Tribunal upon application by a party.

All documents are produced to the Tribunal on the basis that each document:

- is what it purports to be;
- was signed by any purported signatory shown on its face;
- was sent by the purported author and/or received by any purported addressee shown on its face; and,
- if a copy, is a true copy of the original.

If there are any documents in respect of which authenticity is disputed or challenged, the originals of such documents shall be produced and included in a separate bundle, and the Tribunal will rule on them at the hearing.

- 16.4. In their subsequent written submissions, the parties shall include only additional written witness testimony, expert opinion testimony, documents or other evidence that responds to or rebuts matters raised by the other party's prior written submission. The parties shall submit each witness statement with the first written submission that expressly refers to it. Subsequent written submission(s) that refer to previously submitted statement(s) do not need to include such witness statement(s).
- 16.5. The Tribunal shall not admit any testimony or other evidence that has not been filed with the written submissions, unless the Tribunal determines that exceptional circumstances exist.
- 16.6. All witness statements or expert reports shall be signed by the submitting witness or expert.
- 16.7. Before a hearing and within time limits to be set by the Tribunal, a party may be called upon by the Tribunal or the other party to produce at the hearing for examination and cross-examination any witness or expert whose written testimony has been advanced with the written submissions.

Each party shall be responsible for summoning its own witnesses to the hearing, except when the other party has waived cross-examination of a witness and the Tribunal has not directed the witness' appearance.

The fact that a witness was not called by a party to appear at the hearing for cross-examination will not be deemed to imply that the facts set forth in that

witness statement are correct or proven. The Tribunal will assess in its discretion, taking all circumstances into account, the weight of the written statement of a witness who does not testify at the hearing. As a general rule, if a party has waived cross-examination of a witness, the other party may not present that witness for direct examination and questioning unless requested to do so by the Tribunal.

- 16.8. Examination by video-conference may be permitted for justified reasons at the discretion of the Tribunal.
- 16.9. The Tribunal may consider the witness statement of a witness who fails to appear when summoned to a hearing only in exceptional circumstances, and upon good cause shown.
- 16.10. Witnesses and experts shall be examined by each party under the control of the President of the Tribunal. Before giving evidence, witnesses shall make the declaration set out in ICSID Arbitration Rule 35(2), and experts shall make the declaration set out in ICSID Arbitration Rule 35(3). The Tribunal may examine the witness or expert at any time during the oral procedure.
- 16.11. The direct examination is given in the form of witness statements and expert reports. However, the party presenting the witness or expert may conduct a brief direct examination as described below in paragraph 17.2.
- 16.12. Witnesses of fact shall not be allowed in the hearing room before giving their oral evidence. Experts shall be allowed in the hearing room at any time, including during the examination of other experts.
- 16.13. Other matters regarding hearings shall be agreed upon by the parties or decided by the Tribunal at a later stage and in advance of any hearing.

Each Party shall advance the costs of appearance of its own witnesses. The Tribunal shall decide upon the appropriate allocation of such costs in any partial or final award.

It shall not be improper for counsel to meet witnesses and potential witnesses to establish the facts, prepare the witness statements, and prepare the examinations.

Each Party may retain and submit to the Tribunal the evidence of one or more experts.

17. Hearings (including Pre-Hearing Organizational Meetings)  
*Arbitration Rule 13(2)*

*Hearing*

- 17.1. Dates of subsequent sessions shall be determined at a later stage.
- 17.2. A final hearing of two weeks shall be held on October 21 - November 1, 2013, provided that at least 4 weeks have elapsed between the filing of the last written submission and the first day of the hearing.

The hearing shall include opening statements of equal time for both parties; brief direct testimony of witnesses (as elaborated below); cross examination, re-direct examination, and re-cross examination of witnesses; questions to counsel by the Tribunal. The parties and the Tribunal shall decide on the need for closing statements, and/or post-hearing briefing prior to the closure of the hearing.

The direct testimony of any witness shall be set forth in a written statement submitted together with the corresponding pleading. The Parties agree that the statement of any witness or the report of any expert shall stand as that person's evidence in chief. At the hearing the party offering the witness' testimony may engage in brief direct oral examination, which shall be confined to the witness confirming, with or without corrections, his or her witness statement and dealing with any new matters contained in the witness statements, reports, or instruments/submissions lodged after date of that witness statement. In the event that either party intends for a witness in direct testimony to expand upon a prior witness statement to deal with a new matter contained in the witness statements, reports, or instruments/submissions lodged after the date of that witness statement, that party shall provide advance notice to the other party, no later than 10 days prior to the hearing, of the general topics that were not previously addressed in that witness' witness statements and that the party intends for that witness to cover during direct testimony.

At the conclusion of the direct oral examination the witness may be cross-examined on matters referred to in his or her witness statement and on any additional matter raised during direct testimony. Parties are further permitted to question the witness on issues of credibility during cross-examination provided that in doing so the party utilizes only documents available in the record. At the conclusion of the cross-examination the witness may be re-examined but the re-examination must be confined to matters raised in the course of the cross-examination.

Other details of the hearing or post-hearing proceedings shall be set forth in a subsequent procedural order.

No later than 14 days prior to the commencement of the hearing the Parties shall submit to the Tribunal an agreed draft hearing schedule along the lines of

the sample attached to this Procedural Order No. 1.

The hearing shall proceed as far as possible on the basis of an equal sharing of the available hearing time.

The hearing of expert witnesses (if any) may be grouped according to subject matter.

Absent special leave from the Tribunal for good cause shown, on any given topic witnesses shall be examined by no more than one lawyer from each side.

*Pre-Hearing Organizational Meeting*

17.3. There shall be a Pre-Hearing Organizational meeting between the Tribunal and the parties at least 4 to 6 weeks before each hearing. Such meetings may be conducted by telephone or video link.

18. Records of Hearings  
*Arbitration Rule 20(1)(g)*

18.1. Sound recordings shall be made of all sessions. The sound recordings shall be provided to the parties and the Tribunal Members.

18.2. The Secretary may prepare summary minutes of hearings or sessions upon request.

18.3. Verbatim transcript(s) in English shall be made of any sessions other than sessions on procedural issues. Verbatim transcripts shall be maintained using LiveNote or similar software and electronic transcripts shall be provided to the parties and the Tribunal on a same-day basis.

18.4. The parties shall attempt to agree on any proposed corrections to the transcripts within 15 days of the receipt of both the sound recordings and transcripts. The agreed upon corrections shall be entered by the court reporter in the transcripts (“revised transcripts”). In case of disagreement between the parties, the Tribunal shall decide and any correction adopted by the Tribunal shall be entered by the court reporter in the revised transcripts.

Without prejudice to the Tribunal’s final allocation of costs, the costs of transcription and sound recording shall be borne by the parties in equal shares.

In addition to Item 9 of this Order, written submissions by the parties shall comply with the following:

14.1. In all written submissions, the parties shall divide their allegations into consecutively numbered paragraphs.

14.2. Following each factual allegation, the parties shall, whenever possible, identify the evidence adduced or to be adduced in support of that allegation.

14.3. Each pre-hearing written submission shall be filed with accompanying exhibits, witness statements, and expert reports referenced in such submission. Any additional submissions of exhibits, witness statement and expert reports shall require leave from the Tribunal.

15. **Document Production**

*(Convention Article 43(a); Arbitration Rule 34)*

15.1. Articles 3 and 9 of the International Bar Association Rules on the Taking of Evidence in International Arbitration (2010) may guide the Tribunal and the parties regarding document production in this case.

**Parties' proposal at para. 202.2:** As provided in Item [16]13] above, the parties shall include with their respective rounds of written submissions all the facts, legal arguments, and documentary evidence on which they rely, including witness statements, expert opinions and other documentary evidence. In each party's second written submissions (respectively, Reply and Rejoinder), the party shall include only additional facts, legal arguments, written witness statements, expert opinion and documentary evidence responding to or rebutting the matters raised by the other party's prior written submissions, except if new facts have arisen.

16. Evidence: Witnesses and Experts, Written Statements and Reports, Supporting Documentation

*Convention Article 43(a); Arbitration Rules 24 and 33-36*

- 16.1. The parties shall include all of the evidence on which they intend to rely, including written witness statements, expert opinions or reports, and other evidence in whatever form, with their written submissions.
- 16.2. Duly certified copies of documents are not required unless the authenticity of the copy is contested and the Tribunal deems the certification necessary.
- 16.3. Each party shall number the accompanying documentation consecutively throughout the entire proceeding (C-001 or R-001 for documentary evidence and CLA-001 or RLA-001 for legal sources).

**Parties' proposal at para. 15.b:** The parties shall submit all exhibits in binders or bound volumes with a separate tab for each exhibit. A list of exhibits, identifying each exhibit by a number, date, type of document, author and primary recipient(s) (as applicable), shall be placed in each binder or bound volume

**Parties' proposal at para. 15.d-i:** The parties shall submit each exhibit or legal authority with the first written submission that expressly refers to it. Subsequent written submission(s) that refer to a previously numbered exhibit or legal authority do not need to resubmit such exhibit or legal authority. All exhibits and legal authorities shall be consecutively numbered such that new exhibits or legal authorities submitted with later filings shall start with the next number following the number of the last exhibit previously filed.

In exceptional cases, the Tribunal may permit a party to submit further exhibits after all pre-hearing written submissions have been exchanged, but only upon good cause shown, such as that the exhibit has become relevant as a result of the last written submission by the other party.

All exhibits shall be submitted in the original language. If the original language is other than English, a translation into English shall be provided, in accordance with Item 7 of this Order. In the case of lengthy and/or technical documents, the party submitting the exhibit may translate only the relevant part(s), but with sufficient context so that the overall meaning of the text is not distorted.

For the Tribunal's ease of reference, the parties shall paginate any translation in the same manner as the original document.

All documents - originals and copies - submitted to the Tribunal shall be

deemed to be authentic and complete, unless disputed by the other party.

Documents and exhibits other than demonstrative exhibits may not be introduced for the first time at the hearing, absent special circumstances and by leave of the Tribunal upon application by a party.

[All documents are produced to the Tribunal on the basis that each document:

- is what it purports to be;
- was signed by any purported signatory shown on its face;
- was sent by the purported author and/or received by any purported addressee shown on its face; and,
- if a copy, is a true copy of the original.

If there are any documents in respect of which authenticity is disputed or challenged, the originals of such documents shall be produced and included in a separate bundle, and the Tribunal will rule on them at the hearing.]

- 16.4. In their subsequent written submissions, the parties shall include only additional written witness testimony, expert opinion testimony, documents or other evidence that responds to or rebuts matters raised by the other party's prior written submission. **Parties' proposal at para. 17.2:** The parties shall submit each witness statement with the first written submission that expressly refers to it. Subsequent written submission(s) that refer to previously submitted statement(s) do not need to include such witness statement(s).
- 16.5. The Tribunal shall not admit any testimony or other evidence that has not been filed with the written submissions, unless the Tribunal determines that exceptional circumstances exist. **Parties' proposal at para. 17.1:** For each witness, a written and signed witness statement shall be submitted to the Tribunal in accordance with item [13] above, unless a party cannot obtain such a statement from a witness for a legitimate reason and obtains leave from the Tribunal.
- 16.6. All witness statements or expert reports shall be signed by the submitting witness or expert.
- 16.7. Before a hearing and within time limits to be set by the Tribunal, a party may be called upon by the Tribunal or the other party to produce at the hearing for examination and cross-examination any witness or expert whose written testimony has been advanced with the written submissions. The Tribunal has discretion to disregard the statement of any such witness or expert who does not appear for examination and cross-examination at the hearing.

**Parties' proposal at para. 17.2:** Each party shall be responsible for

summoning its own witnesses to the hearing, except when the other party has waived cross-examination of a witness and the Tribunal has not directed the witness' appearance.

**Parties' proposal at para. 17.4:** The fact that a witness was not called by a party to appear at the hearing for cross-examination will not be deemed to imply that the facts set forth in that witness statement are correct or proven. The Tribunal will assess in its discretion, taking all circumstances into account, the weight of the written statement of a witness who does not testify at the hearing. As a general rule, if a party has waived cross-examination of a witness, the other party may not present that witness for direct examination and questioning unless requested to do so by the Tribunal.

- 16.8. Examination by video-conference may be permitted for justified reasons at the discretion of the Tribunal.
- 16.9.   - 16.3. Each party shall number the accompanying documentation consecutively

throughout the entire proceeding (C-001 or R-001 for documentary evidence and CLA-001 or RLA-001 for legal sources).

~~Parties' proposal at para. 15.b:~~ The parties shall submit all exhibits in binders or bound volumes with a separate tab for each exhibit. A list of exhibits, identifying each exhibit by a number, date, type of document, author and primary recipient(s) (as applicable), shall be placed in each binder or bound volume

~~Parties' proposal at para. 15.d.i:~~ The parties shall submit each exhibit or legal authority with the first written submission that expressly refers to it. Subsequent written submission(s) that refer to a previously numbered exhibit or legal authority do not need to resubmit such exhibit or legal authority. All exhibits and legal authorities shall be consecutively numbered such that new exhibits or legal authorities submitted with later filings shall start with the next number following the number of the last exhibit previously filed.

In exceptional cases, the Tribunal may permit a party to submit further exhibits after all pre-hearing written submissions have been exchanged, but only upon good cause shown, such as that the exhibit has become relevant as a result of the last written submission by the other party.

All exhibits shall be submitted in the original language. If the original language is other than English, a translation into English shall be provided, in accordance with Item 7 of this Order. In the case of lengthy and/or technical documents, the party submitting the exhibit may translate only the relevant part(s), but with sufficient context so that the overall meaning of the text is not distorted.

For the Tribunal's ease of reference, the parties shall paginate any translation in the same manner as the original document.

All documents - originals and copies - submitted to the Tribunal shall be deemed to be authentic and complete, unless disputed by the other party.

Documents and exhibits other than demonstrative exhibits may not be introduced for the first time at the hearing, absent special circumstances and by leave of the Tribunal upon application by a party.

~~{~~All documents are produced to the Tribunal on the basis that each document:

- ~~■~~ •-is what it purports to be;
- ~~■~~ •-was signed by any purported signatory shown on its face;
- ~~■~~ •-was sent by the purported author and/or received by any purported addressee shown on its face; and,
- ~~■~~ •-if a copy, is a true copy of the original.

If there are any documents in respect of which authenticity is disputed or challenged, the originals of such documents shall be produced and included in a separate bundle, and the Tribunal will rule on them at the hearing.†

- 16.4. In their subsequent written submissions, the parties shall include only additional written witness testimony, expert opinion testimony, documents or other evidence that responds to or rebuts matters raised by the other party's prior written submission. ~~Parties' proposal at para. 17.2:~~ The parties shall submit each witness statement with the first written submission that expressly refers to it. Subsequent written submission(s) that refer to previously submitted statement(s) do not need to include such witness statement(s).
- 16.5. The Tribunal shall not admit any testimony or other evidence that has not been filed with the written submissions, unless the Tribunal determines that exceptional circumstances exist. ~~Parties' proposal at para. 17.1: For each witness, a written and signed witness statement shall be submitted to the Tribunal in accordance with item [13] above, unless a party cannot obtain such a statement from a witness for a legitimate reason and obtains leave from the Tribunal.~~
- 16.6. All witness statements or expert reports shall be signed by the submitting witness or expert.
- 16.7. Before a hearing and within time limits to be set by the Tribunal, a party may be called upon by the Tribunal or the other party to produce at the hearing for examination and cross-examination any witness or expert whose written testimony has been advanced with the written submissions. ~~The Tribunal has discretion to disregard the statement of any such witness or expert who does not appear for examination and cross-examination at the hearing.~~  
~~Parties' proposal at para. 17.2:~~ Each party shall be responsible for summoning its own witnesses to the hearing, except when the other party has waived cross-examination of a witness and the Tribunal has not directed the witness' appearance.  
~~Parties' proposal at para. 17.4:~~ The fact that a witness was not called by a party to appear at the hearing for cross-examination will not be deemed to imply that the facts set forth in that witness statement are correct or proven. The Tribunal will assess in its discretion, taking all circumstances into account, the weight of the written statement of a witness who does not testify at the hearing. As a general rule, if a party has waived cross-examination of a witness, the other party may not present that witness for direct examination and questioning unless requested to do so by the Tribunal.
- 16.8. Examination by video-conference may be permitted for justified reasons at the discretion of the Tribunal.
- 16.9. ~~The Tribunal may disregard the testimony of a witness or expert called to~~

~~testify at the hearing who fails to appear at the hearing without justified reasons. Parties' proposal at para. 17.3:~~ The Tribunal may consider the witness statement of a witness who fails to appear when summoned to a hearing only in exceptional circumstances, and upon good cause shown.

- 16.10. Witnesses and experts shall be examined by each party under the control of the President of the Tribunal. Before giving evidence, witnesses shall make the declaration set out in ICSID Arbitration Rule 35(2), and experts shall make the declaration set out in ICSID Arbitration Rule 35(3). The Tribunal may examine the witness or expert at any time during the oral procedure.
- 16.11. The direct examination is given in the form of witness statements and expert reports. However, the party presenting the witness or expert may conduct a brief direct examination. There is no limitation on the scope of the cross-examination to the contents of the witness statement or expert report. Re-direct examination shall be limited to the subject of cross-examination.
- 16.12. Witnesses of fact shall not be allowed in the hearing room before giving their oral evidence. Experts shall be allowed in the hearing room at any time, including during the examination of other experts.
- 16.13. Other matters regarding hearings shall be agreed upon by the parties or decided by the Tribunal at a later stage and in advance of any hearing.

~~Parties' proposal at paras. 17.5-17.7:~~ Each Party shall advance the costs of appearance of its own witnesses. The Tribunal shall decide upon the appropriate allocation of such costs in any partial or final award.

It shall not be improper for counsel to meet witnesses and potential witnesses to establish the facts, prepare the witness statements, and prepare the examinations.

Each Party may retain and submit to the Tribunal the evidence of one or more experts.

~~Parties' proposal at para. 13~~

The hearing shall include opening statements of equal time for both parties; brief direct testimony of witnesses (as elaborated below); cross examination, re-direct examination, and re-cross examination of witnesses; questions to counsel by the Tribunal. Except with advanced leave of the Tribunal, the witness's direct oral testimony shall be within the scope of his or her previously submitted witness statements.

Other details of the hearing or post-hearing proceedings shall be set forth in a subsequent procedural order.

¶No later than 14 days prior to the commencement of the hearing the Parties shall submit to the Tribunal an agreed draft hearing schedule along the lines of the sample attached to this Procedural Order No. 1.

The hearing shall proceed as far as possible on the basis of an equal sharing of the available hearing time.

The hearing of expert witnesses (if any) may be grouped according to subject matter.

Absent special leave from the Tribunal for good cause shown, on any given topic witnesses shall be examined no more than one lawyer from each side.¶

The agreed upon corrections shall be entered by the court reporter in the transcripts (“revised transcripts”). In case of disagreement between the parties, the Tribunal shall decide and any correction adopted by the Tribunal shall be entered by the court reporter in the revised transcripts. ~~Parties’ proposal at para. 8.32: Except as provided by the Tribunal, the final transcript prepared by a professional service shall serve as the official transcript of any hearing.~~

~~Parties’ proposal at para. 8.3:~~ Without prejudice to the Tribunal’s final allocation of costs, the costs of transcription and sound recording shall be borne by the parties in equal shares.
